RE: **2020 Hazardous Liquid - Liquid Integrity Management Program (LIMP) Inspection – BP North America – Olympic Pipe Line (BP-OPL) – Intrastate Laterals (Insp. No. 8085)**

Dear Mr. Maret:

Staff from the Washington Utilities and Transportation Commission (staff) conducted a Liquid Integrity Management Program (LIMP) Inspection of BP North America – Olympic Pipeline (BP-OPL) from February 16-19, 2021. The inspection included a program process and records review, including a field review of certain pipeline facilities.

This inspection reviewed the LIMP programs for the following units:

30781	Olympic Pipeline – Intrastate Laterals
31189	BP Cherry Point – Crude & Butane

No apparent violations were noted as a result of the inspection. This inspection will be closed as of the date of this letter.

Staff thanks BP-OPL's personnel for their professionalism and cooperation during this inspection.

If you have any questions or if we may be of any assistance, please contact Lex Vinsel at (360) 789-6024.

Sincerely,

Mayo, Sean (UTC)
