Dear Mr. Nogler:

Thank you for your response to the Committee's letter dated July 10, 2002 regarding building permits and the "Call-Before-You-Dig" number. We appreciate your feedback and I will discuss your suggestion to contact the Washington Association of Building Officials with the Committee members.

The Committee would also like to thank you for anticipating to include this issue on your October 11th meeting agenda of the Building Council.

If the committee decides to include this issue on it's agenda, we will contact you to arrange those details with you.

Thank you.

Sincerely,

Chuck Mosher
Committee Chairman
