Buckley, WA 98321

Dear Mayor Johnson:

RE: 2012 Natural Gas Public Awareness Inspection – City of Buckley

Thank you for your letter dated June 13, 2012, addressing the findings of our inspection conducted at the City of Buckley (Buckley) on March 26 and 27, 2012.

Pipeline safety staff (staff) met with Buckley on September 25, 2012, to further discuss and clear up some confusion regarding staff's findings during the June inspection. At the meeting, staff accepted Buckley's proposal to submit an updated Public Awareness Program no later than November 16, 2012. Staff will be conducting a follow-up inspection early 2013 to confirm implementation of the revised plan.

Staff would like to thank Buckley's personnel for their cooperation and assistance during this inspection.

If you have any questions, or if we may be of any assistance, please contact Patti Johnson at (360) 870-4915.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Lykken", written over a horizontal line.

David D. Lykken
Pipeline Safety Director
