Dear Mr. Porter:

RE: 2014 Hazardous Liquid IMP Inspection - BP Cherry Point Crude Oil and Butane Pipelines – (Insp. ID. 5810)

Staff from the Washington Utilities and Transportation Commission (staff) conducted an Integrity Management inspection from September 15 – 19, 2014, of BP Cherry Point Crude Oil and Butane Pipelines. The inspection included a records review at BP's Naperville office and field inspection of anomaly dig site #002 on October 28-29, 2014, and dig sites #003 and #004 on November 12-13, 2014.

No apparent violations were noted as a result of these inspections. This inspection will be closed as of December 12, 2014.

Staff would like to thank BP Pipelines' personnel for their professionalism and cooperation during this inspection.

If you have any questions, or if we may be of any assistance, please contact Al Jones at (360) 664-1321.

Sincerely,

David D. Lykken
Pipeline Safety Director
