Dear Mr. Pankhurst:

RE: 2014 Hazardous Liquid Operator Qualification (OQ) Inspection – BP Cherry Point Refinery

Staff from the Washington Utilities and Transportation Commission (staff) conducted an Operator Qualification (OQ) inspection on August 26, 2014 of BP Cherry Point Refinery. The inspection included a records review.

No apparent violations were noted as a result of the inspection.

Staff would like to thank the BP Cherry Point Refinery's personnel for their professionalism and cooperation during this inspection.

If you have any questions, or if we may be of any assistance, please contact Ronda Shupert at (360) 664-1182.

Sincerely,

David D. Lykken
Pipeline Safety Director
