Eric Martuscelli  
Vice President-Operations  
Cascade Natural Gas Corporation  
8113 W. Grandridge Blvd  
Kennewick, WA 99336

Dear Mr. Martuscelli:

**RE: 2015 Natural Gas Standard Inspection – Bremerton District – (Insp. No. 6211)**

The Washington Utilities and Transportation Commission staff (staff) conducted a standard natural gas safety inspection of the Cascade Natural Gas Corporation (CNG), Bremerton District on February 24-25 and March 5, 2015. The inspection included a records review and a field inspection of selected pipeline facilities.

No issues or concerns were noted as a result of staff's inspection. This inspection will be closed as of March 12, 2015.

Staff would like to thank CNG's personnel for their cooperation and professionalism during this inspection.

If you have any questions or if we can be of further assistance, please contact Scott Rukke, Pipeline Safety Engineer at (360) 664-1241.

Sincerely,

David D. Lykken  
Pipeline Safety Director
