RULES AND REGULATIONSRule 1 - Water Service

(a) Application: Service and supply of water shall be rendered only after the signing of an application by the prospective customer and its acceptance by the company, such application to state fully and truly all the purposes for which water may be required; and after agreement by the applicant to conform to the lawful rules and regulations established by the company and filed with the Washington Public Service Commission (hereinafter referred to as "State Commission").

(b) Change of Use: The customer will not increase his demand or use of service as stated in his application without giving due notice of such increase. In the event of such increase, the customer will be required to pay the company's regularly published rates for such increased service and demand from the date of connection and use of the same.

Whenever the customer desires to discontinue the use of water for any special purpose or through any fixtures mentioned in the original application, he shall cause the fixture to be removed and the branch pipe or service supplying the same to be capped or plugged, and shall notify the company in writing before any reduction in charge will be made. Such a reduction in charge is contingent upon the provisions of the company's tariff

(c) Termination of Service: Service will be discontinued upon the customer giving the company written notice prior to the date of disconnection. The customer will be held responsible for all charges accruing prior to the date specified in the notice, or in case of failure to give notice, then until the water is turned off.

Rule 2 - Services

The pipe and facilities through which water is furnished from the distribution system to each separate building, residence, summer cottage, tent, camp, or group of buildings that is or

RULES AND REGULATIONS

ORIGINAL

Rule 2 - Services (Continued)

could be logically served by one pipe line will be considered a service
Only one customer will be permitted on a service except by approval of
the utility.

(T)

Rule 3 - Service Connection Charge

See Schedule 11

(T)

Rule 4 - Reconnection Charge

A reconnection charge of \$25.00 per service shall be made for any subse-
quent reconnection of the customer's service to the utility's distribu-
tion system. Such charge is to apply only in cases where service has
been discontinued on account of delinquent account, request of the cust-
omer, refusal to make proper repairs or similar cause. No charge will
be made for reconnection of service if the shut-off was made for the
convenience of the utility in making repairs, changes, etc.

(T)

(T)

(T)

Rule 5 - Service Connections

The utility will construct service connections of a proper size as de-
termined by the utility, from its distribution mains to the customer's
property. The utility reserves the right to refuse to construct a
service connection to any property in case a reasonable doubt exists as
to continuity of service, or in case the applicant's pipes are not prop-
erly constructed and protected.

(T)

(T)

(T)

Rule 6 - Distribution Main Extension

Where elevation and construction conditions permit and one or more bona
fide prospective permanent customers request a main extension, the
utility will construct the same. The cost in excess of the estimated
revenue for a period of three years shall be paid by the prospective
customers in advance of construction. No extension will be considered
as coming under this rule where the ratio of the total cost of the
extension to the estimated yearly revenue is greater than six to one.

BASIN WATER SOURCES, INC.

Wash. Pub. Serv. Comm.
For Commission's Receipt Stamp**ORIGINAL**RULES AND REGULATIONSRule 6 - Distribution Main Extension (Continued)

Subsequent applicants requesting service on such an extension within three years after the establishment thereof shall obtain, in writing, from each and all of the original applicants who at the time connected to the extension made payments under these rules, either

(a) A receipt acknowledging payment of a prorata share of the amount paid on the extension by the original applicants, or

(b) A waiver of payment in lieu of receipt under (a);

Provided, however, that when the cost of furnishing such service exceeds the minimum investment required of the utility then the connection will be treated as a new extension.

Rule 7 - Responsibility for, and Maintenance of, Services

The customer will assume all responsibility on his premises for water supplied by the company. The company will be exempt from all liability for loss or damage caused by leakage or escape of water furnished by the company, after the same has passed the point of the utility's ownership.

All service pipes and fixtures on the premises of the customer must be kept in repair and protected from freezing at the expense of the customer. Where there are leaking or defective pipes or fixtures, the water may be turned off at the option of the company until the proper repairs are made. The company may require any service to be equipped with a stop and waste cock to be used during freezing weather instead of permitting the water to be run continuously from faucets.

Rule 8 - Access to Premises

The company's regularly authorized agents or employees shall have access to the premises of the customer at reasonable hours for the inspection, connection, disconnection, repair or removal of the company's property installed thereon.

Rule 9 - Interruptions to Service

The utility will make a diligent effort to render uninterrupted service and supply of water; and, in cases where shut-off is necessary for repair, reconstruction, damage prevention or similar cause, the utility will endeavor to give advance notice to its customers of such expected shut-off. However, the utility will not be responsible for any damage which may result from any cessation of service such as above outlined, nor for failure to give notice of shut-off when circumstances are such that it is impossible to give notice as above stated.

(T)
(T)
(T)

Rule 10 - Bills

All flat rate bills shall be paid monthly in advance on or before the fifteenth day of the month for which service is billed.

(G)

Rule 11 - Deposits

Rules relating to water companies are provided in Chapter 480-110, Washington Administrative Code (WAC). Rules covering Credit and Deposits are published as WAC 480-110-051, DEPOSITS, and are available upon request.

Rule 12 - Delinquent Accounts and Disconnections

Rules relating to water companies are provided in Chapter 480-110, Washington Administrative Code (WAC). Rules covering Discontinuance of Service are published as WAC 480-110-071, DISCONTINUANCE OF SERVICE, and are available upon request.

(C)(M)

Rule 13 - Rates

Rates for water service and supply shall be those published in the utility's tariff on file with the State Commission. Unless otherwise stated in this tariff, the rates shall apply to a single service to one customer at one premise. Where two or more families with separate housekeeping establishments occupy the same or separate dwellings, each family using water shall be considered a separate customer. Each separate housekeeping establishment or business using water, regardless of joint use, with other housekeeping establishments or businesses, will each be considered a customer.

RULES AND REGULATIONS

Rule 14 - Sprinkling and Irrigation

The hours for sprinkling and irrigation shall be prescribed from time to time by the utility, subject to protest by any customer affected and to review by the State Commission. (M) (T)

No person shall use water for sprinkling or irrigation purposes during any fire in the area, and all sprinkling and irrigation shall be stopped immediately when an alarm of fire is sounded and not resumed until the fire has been extinguished.

Rule 15 - Property on Public Highways

All distribution mains and those portions of service connections, exclusive of customer owned lines, in or on streets or public highways will be considered utility property and will be maintained by the utility at its expense. (M) (T)

Rule 16 - General

All special cases not covered by the foregoing Rules and Regulations will be covered by special rules to be filed as a part of the utility's tariff on file with the State Commission, subject in each case to protest according to law. (M) (T)

The utility hereby adopts and makes a part of this tariff the regulations of the State Commission. (M) (T)

**WATER SERVICE
RULES AND REGULATIONS**

NSF (Non-Sufficient Funds) Charge An NSF check charge as specified in **Schedule X** will be made for handling customer checks that have been returned by the bank as NSF or account closed. This charge will be applied to the next billing to the customer.

Late Payment Charge Bills are due and payable upon receipt. Bills are considered late 15 days after the bill mailing date. A Late Payment Charge as specified in **Schedule X** of the unpaid balance shall be added to each account for each month the bill is unpaid. The late payment charge will not be applied to any disputed amount unless such amount remains unpaid for more than 15 days after the dispute has been resolved.
