

## Hazardous Materials Supplemental Form

Companies applying to transport hazardous materials must complete this form.

[Interstate/Intrastate Hazardous Materials Regulations – US Pipeline/Hazardous Materials Admin – 202-366-4433.](#)

Hazardous Material Insurance Requirements	
All companies who apply for a UTC permit, certificate, or registration must file and maintain evidence of public liability and property damage insurance.	
Proof of Insurance	
<b>Form E</b>	<b>Certificate of Insurance or Binder</b>
The standard proof of insurance form is commonly called a " <b>Form E</b> " and is issued by your insurance company. The formal name is the "Uniform Motor Carrier Bodily Injury and Property Damage Liability Certificate of Insurance".	<p>This certificate/binder is only good for 60 days. This certificate/binder must be replaced by the Form E.</p> <p>The certificates/binders must show the UTC as the certificate holder, the amounts of insurance coverage, the dates that the certificate/binder will be in effect and a signature.</p>
<b>\$1,000,000</b> Oil listed in 49 CFR 172.101; hazardous waste, hazardous materials and hazardous substances defined in 49 CFR 171.8 and listed in 49 CFR 172.101, but not mentioned in the description of the \$5,000,000 coverage requirements, below.	
<b>\$5,000,000</b> Hazardous substances, as defined in 49 Code of Federal Regulations (CFR) 171.8 transported in cargo tanks, portable tanks, or hopper-type vehicles with capacities in excess of 3,500 water gallons; or in bulk Division 1.1, 1.2 and 1.3 materials, Division 2.3, Hazard Zone A, or Division 6.1, Packing Group I, Hazard Zone A material, in bulk Division 2.1 or 2.2; or highway route controlled quantities of a Class 7 material, as defined in 49 CFR 173.403 <b>OR</b> any quantity of Division 1.1, 1.2, or 1.3 material; any quantity of a Division 2.3, Hazard Zone A, or Division 6.1, Packing Group I, Hazard Zone A material; or highway route controlled quantities of a Class 7 material, as defined in 49 CFR 173.403.	

### Company/Individual Applying:

<b>Section 1 – Safety Fitness Survey</b>
--

1. Who is responsible for maintaining and understanding current hazardous material regulations?

Name	Position
------	----------

2. Are you required to have a US DOT HAZMAT registration permit from Pipeline and Hazardous Materials Safety Administration according to [49 CFR 107 Subpart G](#)- Registration of persons who offer or transport hazardous materials?      Yes      No

3. If so, what is your USDOT HAZMAT registration number?

- 4. Do you (the applicant) certify that the HM carrier has a system in place to ensure that all HM trucks are marked and placarded as required by **49 CFR part 172, subparts D and E**?      Yes      No
- 5. Are drivers provided with a current copy of Emergency Response Information as required by **Title 49 CFR, Part 172.600**?      Yes      No
- 6. Are drivers trained in the use of Emergency Response Information?      Yes      No
- 7. Is the Emergency Response Information carried in the vehicle?      Yes      No
- 8. Who is responsible for providing training to all hazardous materials employees as required by **Title 49 CFR 172, subpart H, and 177 subpart A**?

Name	Position
------	----------

- 9. Are you familiar with accident reporting requirements in **Title 49 CFR 171, subpart B - Incident Reporting**?      Yes      No

- 10. Who is responsible for completing hazardous materials shipping papers?

Name	Position
------	----------

- 11. Is the person responsible for creating the shipping papers trained as a hazardous materials employee?  
Yes      No

- 12. Where are hazardous material shipping papers located during transportation?

- 13. How long are your hazardous material shipping papers retained?

- 14. If you transport radioactive materials, who is the person or position that will be familiar with and provide training to employees for all transportation under **49 CFR 173, subpart I - Radioactive Materials**.

Name	Position
------	----------

- 15. Are you required to have a Hazardous Materials Safety Permit (HMSP) by **49 CFR 385 Subpart E - Hazardous Materials Safety Permits**?      Yes      No

16. Which of the following hazardous material(s) do you transport? Check all that apply:

Highway Route Controlled Quantities (HRCQ) of radioactive materials.

More than 25 kg (kilograms) (55 pounds) of a Division 1.1, 1.2, or 1.3 material or a quantity of Division 1.5 material that requires placarding.

For materials that meet the definition of “material poisonous by inhalation” (TIH) as defined in **49 CFR 171.8**: More than 1 liter (L)(1.08 quarts) per package of a material meeting the definition of a Hazard Zone A TIH material, a material meeting the definition of a Hazard Zone B TIH material in a bulk package (capacity greater than 450 liters [119 gallons]), or a material meeting the definition of a Hazard Zone C or D TIH material in a bulk packaging that has a capacity greater than 13,248 L (3,500 gallons).

Shipments of compressed or refrigerated liquid methane or liquefied natural gas with a methane content of at least 85% in a bulk packaging that has a capacity greater than 13,248 L (3,500 gallons).

17. Do you transport Hazardous Waste (meets definition in **49 CFR 171.8** of a hazardous waste)?

Yes      No

18. Do you transport Hazardous Substances (RQ) (meets definition in **49 CFR 171.8** of a reportable quantity of a hazardous substance)?      Yes      No

**Please attach a copy of your US Pipeline and Hazardous Materials Safety Administration (PHMSA) permit.**

**Section 2 – Hazardous Materials Questionnaire**

1. Please indicate if you plan to transport:

- |  |     |    |
|--|-----|----|
| a. Petroleum or petroleum products in bulk in tank-type vehicles | Yes | No |
| b. Radioactive substances  | Yes | No |
| c. Explosives  | Yes | No |
| d. Corrosives  | Yes | No |

2. As part of transporting any of the four materials above, do you or your company intend to build, or have someone else build, install, or otherwise create a new structure, or a new addition to an existing structure?

Yes      No

**\*\*continue answering this question on the next page\*\***

- a. If yes, does the proposed construction require a building permit by a city, county or other governmental agency?    Yes    No
- b. If yes, which governmental agency will issue the permit?
- c. If yes, please explain what you intend to build:

3. In granting an application for hazardous materials transportation, the commission is required to consider possible impacts such transportation may have on the environment. Please answer the following questions related to possible environmental impacts:

- a. Do you understand that you are required to comply with Washington State Patrol safety standards for hazardous materials transportation, as defined in WAC 446-65-010?  
Yes    No
- b. Do you understand that you are required to comply with Washington State Patrol noise emission standards for commercial motor vehicles, as defined in WAC 446-65-010?  
Yes    No
- c. Do you understand that in the case of a hazardous materials spill, you must immediately contact the local emergency services agency, such as the 911 operator?  
Yes    No

If you answered “no” to a, b, or c, please explain:

**Certification**

As the applicant, I certify that I understand my responsibility as a transporter of hazardous materials and will comply with all the safety requirements which apply to my operations.
