Docket No. TG- __________________ Date: ________________________ By: __________________

FOR OFFICIAL USE ONLY
Docket: TG-130533
Effective Date: June 11, 2013
Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, and disposal of solid waste. When specifically referred to, rates also cover the collection and transportation of recyclable materials and/or yardwaste.

Title 81.77 of the Revised Code of Washington (RCW) and Chapter 480-70 of the Washington Administrative Code (WAC) govern operations of solid waste collection companies and the tariffs companies must file with the Washington Utilities and Transportation Commission (WUTC).

Unless exceptions are shown, all materials must be placed on the same level as the streets or alleys.

The company may charge additional amounts for disposal fees only when specifically stated in the tariff and separately shown on customer bills.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following:

The next day or the next scheduled pick up.

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.
Item 17 – Refunds

Credit due the customer. When there has been a transaction that results in a credit due the customer, the following apply:

(a) If the amount due is five dollars or less, an adjustment will be made to the customer's account. The adjustment must be shown on the next regular bill.

(b) If the amount due is more than five dollars, the customer may accept an account adjustment or may request a refund.
   - If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
   - If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

Overcharges. Once a company becomes aware that it has overcharged a customer, it must provide a refund or an account adjustment credit to the customer. The customer must be given a choice as to which option is preferred. The refund or credit must be the amount overcharged in the three years before the date of discovery.
   - If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
   - If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

Prepayments. If a customer has paid service fees in advance, service is discontinued during the pre-billed period, and the customer is due a refund, the following apply:

(a) A company must honor all requests for refunds of the unused portion of prepayments.

(b) If the customer provides a forwarding address to the company or one can be obtained from the Post Office, the company must issue a refund check no more than thirty days following the customer's request.

(c) If the customer cannot be located or did not provide a forwarding address and the U.S. Post Office cannot furnish a forwarding address, the amount may be presumed to be abandoned and is subject to the Uniform Unclaimed Property Act after one year.
**Item 18 – Billing, Advance Billing, and Payment Delinquency Dates**

**Billing period.** A company may bill its customers for one, two, or three months of service.

**Advance billing and payment delinquency dates.** The following chart defines the maximum period allowed for advance billing and the date when a bill may be considered delinquent:

<table>
<thead>
<tr>
<th>Billing period</th>
<th>Maximum advance billing period allowed</th>
<th>Delinquency date</th>
</tr>
</thead>
<tbody>
<tr>
<td>One month’s service</td>
<td>No advance billing allowed</td>
<td>May not be less than twenty-one days after the date the bill is mailed</td>
</tr>
<tr>
<td>(monthly)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Two months’ service</td>
<td>One months’ advanced billing allowed</td>
<td>May not be until the last day of the second month</td>
</tr>
<tr>
<td>Three months’ service</td>
<td>Two months’ advance billing allowed</td>
<td>May not be until the last day of the third month</td>
</tr>
</tbody>
</table>

The billing period chosen by the company operating under this tariff for residential solid waste accounts is: Two Months Service.

**Late charges.** Customers with past due accounts after the delinquency dates specified in the chart above will be charged a late fee of 1% per month on outstanding balances. The minimum charge per month is $1.00.
Item 20 – Definitions

NOTE: The definitions shown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend these definitions. Companies wishing to add definitions specific to their company’s operations must include those definitions on a separate page, entitled, “Company-specific definitions.” A blank sheet is provided for that purpose.

Bale: Material compressed by machine and securely tarped or banded.

Bulky Materials: Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.

Charge: A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.

Commercial Billing: Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.

Compacted Material: Material that has been compressed by any mechanical device either before or after it is placed in the receptacle handled by the company.

Compactor Disconnect/Reconnect Charge: A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer’s site.

Gate charge: A flat fee charged for opening, unlocking, or closing gates in order to pick up solid waste.

Loose material: Material not set out in bags or containers, including materials that must be shoveled.

Multi-family residence: Any structure housing two or more dwelling units.

Packer: A device or vehicle specially designed to pack loose materials.

Pass through fee: A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown.

Issued by: Lee A. Lamb

Effective date: June 11, 2013
Item 20 – Definitions, continued

Permanent service: Container and drop-box service provided at the customer's request for more than ninety days.

Rate: A price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.

Solid waste receptacle: includes the following items, with the following meanings:

Automated cart means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be defined in rate items.

Can means a receptacle made of durable, corrosion-resistant, nonabsorbent material that is watertight, and has a close-fitting cover and two handles. A can holds more than twenty gallons, but not more than thirty-two gallons. A can may not weigh more than ___50___ pounds when filled.

Cart means a wheeled plastic container. A cart may also be referred to as a toter. If supplied by a customer, a cart must be compatible with the company’s equipment. The size and type of cart that is compatible will be established in each company's tariff.

Container means a detachable receptacle (normally designed to hold at least a cubic yard of solid waste) from which materials are collected by mechanically lifting the receptacle and emptying the contents into the company's vehicle.

Drop box means a detachable receptacle used to provide solid waste collection service by the receptacle being placed on the company's vehicle by mechanical means and transported to a disposal site.

Drum means a metal or plastic container of approximately fifty-gallon capacity, generally used for oils or solvents. A drum may not weigh more than _N/A___ pounds when filled.

Litter receptacle means a container not over sixty-gallon capacity, generally placed in shopping centers and along streets or highways for litter. A litter receptacle may not weight more than _N/A___ pounds when filled.
Item 20 – Definitions, continued

**Micro-mini can** means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A micro-mini can may not hold more than ten gallons. A micro-mini can may not weight more than __N/A___ pounds when filled.

**Mini-can** means a can made of durable, corrosion resistant, nonabsorbent material that is watertight and has a close-fitting cover. A mini-can may not hold more than twenty gallons. A mini-can may not weight more than __N/A___ pounds when filled.

**Recycling bin or container** means a bin or container designed or designated for the collection of recyclables. The size and type of recycling bin or container will be established in each company's tariff.

**Toter** means a wheeled plastic container. A toter may also be referred to as a cart. If supplied by customer, a toter must be compatible with the company's equipment. The size and type of toter that is compatible will be established in each company's tariff.

**Unit** means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight, and has a close-fitting cover and two handles. A unit holds more than twenty gallons, but not more than thirty-two gallons or four cubic feet. A unit may not weigh more than _50____ pounds when filled.

Where agreed on between the company and the customer, and where allowable under local ordinance, a box, carton, cardboard barrel or other suitable container may be substituted for a solid waste can, for a single pick-up that includes removal of the container, if it meets the size and weight limits established in the company's tariff.

**Yardwaste bin or container** means a bin or container specifically designed or designated for the collection of yardwaste. Each company's tariff will refer to a specific type of yardwaste bin or container to be used by customers in a service area. The type, size, weight, etc., of this type of bin or container will often be set by local government plans or ordinances.

**Special pick-up:** A pick-up requested by the customer at a time other than the regularly scheduled pick-up time, that requires the special dispatch of a truck. If a special dispatch is required, the company will assess time rates established in the company's tariff.
Item 20 – Definitions, continued

Supplement: A page added to the beginning of a tariff, normally to cover emergency, temporary, or special situations. An example is a page issued to show a special surcharge imposed by a city.

Temporary service: Temporary service means providing container or drop-box service at the customer's request, for a period of ninety days or less.

Unlatching: Another term for a gate charge. A flat fee imposed by a solid waste collection company when the company's personnel must unlatch a gate or door to perform pickup service.

Unlocking: A flat fee imposed by a solid waste collection company when the company's personnel must unlock padlocks or other locking devices to perform pickup services.
Item 30 – Limitations of Service

1. **Schedules.** A company's schedule will meet reasonable requirements and will comply with local service level ordinances.

2. **Due care.** Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.

3. **Liability for damage.** When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.

4. **Refusal of service.** (Except as set forth in Section 5, Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.)

A solid waste collection company may refuse to:

- Collect solid waste from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
- Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions; or
- Enter private property to pick up solid waste while an animal considered or feared to be dangerous is not confined. The customer will be required to confine the animal on service days.

5. **Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.** A company is not required to collect solid waste when the company determines that it is unsafe to operate due to weather conditions, road conditions, natural disaster, or when government authority restricts access to local roads. The company will collect on the next scheduled service date on which the company deems it is safe to operate, and will take other reasonable actions to resume or provide alternative service as soon as reasonably practicable.

   a. The company is not obligated to extend credit to customers for missed service if the company collects the customers’ accumulated solid waste on the next scheduled service date on which the company deems it to be safe to operate. The company will not charge for extra waste set out
b. If the company does not collect a customer’s accumulated solid waste on the next scheduled service date on which the company determines it is safe to operate, the company is required to give a credit, proportionate to the customer’s monthly service charge, for all missed service(s).
Item 40 – Material Requiring Special Equipment, Precautions, or Disposal

Transportation of solid waste requiring special equipment or precautions in handling or disposal will be subject to time rates named in Item 160, or to other specific rates contained in this tariff.

Companies must make every effort to be aware of the commodities that require special handling at the disposal sites named in the company's tariffs. The company shall maintain a list of those commodities and make it available for public inspection at the company's office.

Item 45 – Material Requiring Special Testing and/or Analysis

When a solid waste collection company or disposal facility determines that testing and/or analysis of solid waste is required to determine whether dangerous or prohibited substances are present, the actual cost for such testing and/or analysis will be paid by the customer. The company must provide the customer with a copy of any bill or invoice for costs incurred for testing and/or analysis and also must retain a copy in the company's file for at least three years. Those costs shall be passed through to the customer without markup. The company must maintain records of time spent to accomplish the special testing and/or analysis, and may bill the customer for that time under the provisions of Item 160 (Time Rates).

Item 50 – Returned Check Charges

Returned check charge. If a customer pays with a check, and the customer's bank refuses to honor that check, the customer will be assessed a returned check charge in the amount of $25.00.
Item 51 – Restart Fees

$10.00

Item 52 – Redelivery Fees

$10.00
Item 55 – Over-sized or Over-weight Cans or Units

The company reserves the right to reject pickup of any residential receptacle (can, unit, bag, mini-can, or micro mini-can) which, upon reasonable inspection exceeds the size and weight limits shown in Item 20.

- If the receptacle exceeds the size and/or limits stated in Item 20, is overfilled, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply:

  $3.50 per 32 Gallon Can/Bag

Note: For charges applying on overweight toters, carts, containers, or drop boxes see item 207.

Item 60 – Overtime Periods

Companies will assess additional charges when providing services, at customer request, during overtime periods. Overtime periods include Saturdays, Sundays, and the following holidays:

New Years
Memorial Day
Labor Day
Thanksgiving
Christmas

Time is to be recorded to the nearest increment of 15 minutes from the time the company’s vehicle leaves the terminal until the time it returns to the terminal.

No additional charge will be assessed to customers for overtime or holiday work performed solely for the company’s convenience.

Charge per hour $25.00
Minimum Charge $25.00

FOR OFFICIAL USE ONLY
Docket: TG-130533
Effective Date: June 11, 2013
Item 70 – Return Trips

When a company is required to make a return trip, that does not require the special dispatch of a truck, to pick up material that was unavailable for collection for reasons under the control of the customer, the following additional charges, per pickup, will apply.

- Can, unit, mini-can, or micro-mini can: $25.00
- Drum: N/A
- Bale: N/A
- Litter Receptacle: N/A
- Drop Box: N/A
- Container: N/A
- Toter, _____ gallons: N/A
- Toter, _____ gallons: N/A
- Recycling containers: N/A
- Other: N/A
- Other: N/A

NOTE: Return trips requiring the special dispatch of a truck are considered special pickups and are charged for under the provisions of Item 160 (Time Rates).
Item 75 – Flat Monthly Charges

This rule applies in connection with Items 120, 130, 240, 245, 250, 255, 260, 265, 270, and 275.

A flat monthly charge may be assessed if computed as follows:

1. If weekly service is provided: Multiply the rate times 4.33 and then multiply that figure times the number of units picked up.

2. If every other week service is provided: Multiply the rate times 2.17 and then multiply that figure times the number of units picked up.

3. For Items 240, 250, 260, and 270: For permanent, regularly scheduled pickups, a flat monthly charge may be assessed if computed as follows:
   a. For **weekly service**, each container provided:
      i. If monthly rent is shown: monthly rent plus (4.33 times pickup rate times number of pickups per week)
      ii. If monthly rent is not shown: 1st pickup rate plus (3.33 times additional pickup rate) plus (4.33 times additional pickup rate times additional weekly pickups).
   b. For **every-other-week service**, each container provided:
      i. If monthly rent is shown: monthly rent plus (2.17 times pickup rate times number of pickups per week)
      ii. If monthly rent is not shown: 1st pickup rate plus (1.17 times additional pickup rate) plus (2.17 times additional pickup rate times additional weekly pickups).

**Item 80 – Carry-out Service, Drive-Ins**

Companies will assess the following additional charges when customers request that company personnel provide carry-out service of cans/units not placed at the curb, the alley, or other point where the company’s vehicle can be driven to within five feet of the cans/units using improved access roads commonly available for public use. Driveways are not considered improved access roads commonly available for public use.

<td>.40</td>
</tr>
</tbody>
</table>

**NOTE:** The company may elect to drive in at the rates shown above, except the charge will be limited to one can, unit, mini-cans or micro-mini can. If cans, units, mini-cans, or micro-mini cans are carried over 125 feet, but are safely accessible to the company’s vehicle, the drive-in charges shown below must be assessed instead.

Item 160 – Time Rates

When time rates apply.  Time rates named in this Item apply:
- When material must be taken to a special site for disposal;
- When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer to this Item.

How rates are recorded and charged.  Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

Disposal fees in addition to time rates.  Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Item 200 -- Containers and/or Drop Boxes – General Rules

Availability. A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

Alternate-sized containers and/or drop boxes. If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

Disposal fees due on alternate-sized drop boxes. If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

Rates on partially-filled containers and/or drop boxes. Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

Rates for compacted materials. Rates for compacted material apply only when the material has been compacted before its pickup by the company.

Rates for loose material. Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

Permanent and temporary service. The following rules apply:

(a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.

(b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.

(c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates. The intent of the customer at the time service was requested applies.

FOR OFFICIAL USE ONLY
Docket: TG-130533
Effective Date: June 11, 2013
Item 205 – Roll-Out Charges – Containers, automated carts, and toters

Charges for containers. The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move a container more than five feet, but less than 25 feet, in order to reach the truck. The charge for this roll-out service is:

\[ \$\text{.50 per container, per pickup} \]

Over 25 feet, the charge will be the charge for 25 feet, plus \$\text{ per increment of 5 feet.}

Charges for automated carts or toters. The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move an automated cart or toter more than \text{.05 feet} in order to reach the truck. The charge for this roll-out service is:

\[ \$\text{N/A per cart or toter, per pickup} \]
Item 207 – Excess Weight – Rejection of Load, Charges to Transport

The company reserves the right to reject pickup of any container, stationary packer, or drop box which, upon reasonable inspection:

- Appears to be overloaded;
- Would cause applicable vehicle load limitations to be exceeded;
- Would cause the company to violate load limitations or safe vehicle operation; and/or
- Would negatively impact or otherwise damage road surface integrity.

For the purposes of this tariff, the following maximum weights apply:

</tr>
</thead>
<tbody>
<tr>
<td>32 – Gallons</td>
<td>65 Pounds</td>
</tr>
<tr>
<td>45 - Gallons</td>
<td>75 Pounds</td>
</tr>
</tbody>
</table>

Overfilled or overweight, charges if transported. If the container, drop box, toter, or cart exceeds the limits stated above, is filled beyond the marked fill line, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply:

<table>
<thead>
<tr>
