Dear Ms. McLain:

RE: 2013 Public Awareness Program Follow Up Inspection – Puget Sound Energy

Staff from the Washington Utilities and Transportation Commission (staff) conducted a follow-up inspection of Puget Sound Energy's (PSE's), Public Awareness Program (PAP), on

February 4, 2013. The inspection included a review of PSE's updated PAP and Process manual.

Our review of the revised PAP indicates that PSE has adequately addressed the areas of concern noted in staff's CY2011 PA Program Effectiveness inspection findings report.

Staff would like to thank PSE personnel for their professionalism and cooperation during this inspection.

If you have any questions, please contact Patti Johnson at (360) 664-1266.

Sincerely,

David D. Lykken
Director, Pipeline Safety
