Re: 2017 Biogas Standard Inspection – JR Simplot Co, Moses Lake, WA – Inspection
Number 7242

Sean Mayo
Pipeline Safety Director
Washington Utilities and Transportation Commission
1300 S. Evergreen Park Dr. SW
Olympia WA, 98504-7250

Dear Mr. Mayo:

JR Simplot requests an extension for the response to the findings of the 2017 Biogas
Standard Inspection – JR Simplot Co, Moses Lake, WA – Inspection Number 7242

JR Simplot has elected to request a formal PHMSA interpretation of 49CFR192.625 with
respect to the conducting periodic sniff tests of a gas stream which contains hydrogen
sulfide.

The Washington Utilities and Transportation Commission will be copied on the request for
interpretation.

Since the timeframe of PHMSA's response is out of Simplot's control. Simplot requests an
initial 90 day extension.

Should you have any questions please do not hesitate to contact us directly.

Sincerely,

Mike Davis
Unit Director
Jr Simplot Company, Moses Lake Washington
