RE: 2021 Natural Gas Standard Inspection – Cascade Natural Gas Company – Longview District (Insp. No. 8253)

Dear Mr. Darras:

Thank you for your letter dated June 15, 2021, addressing the findings of our 2021 inspection of Cascade Natural Gas Company's (CNGC) Longview District.

At this time, Staff accepts CNGC's response to our area of concern regarding the Longview School District Small Gas System. Staff would like to note however, that we will continue to work with CNGC and the Longview School District to resolve questions regarding historical ownership of this system. Staff considers the Longview District inspection closed as of July 19, 2021, and notes that further inspection activity related to the ownership of the system in question may be initiated in the future.

Staff thanks CNGC's personnel for their cooperation and assistance during this inspection.

If you have any questions or if we may be of any assistance, please contact Scott Rukke at (360) 870-4923.

Sincerely,

Sean C. Mayo
Pipeline Safety Director
