## Community Waste &amp; Recycling

Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, and disposal of solid waste. When specifically referred to, rates also cover the collection and transportation of recyclable materials and/or yardwaste.

Title 81.77 of the Revised Code of Washington (RCW) and Chapter 480-70 of the Washington Administrative Code (WAC) govern operations of solid waste collection companies and the tariffs companies must file with the Washington Utilities and Transportation Commission (WUTC).

Unless exceptions are shown, all materials must be placed on the same level as the streets or alleys.

The company may charge additional amounts for disposal fees only when specifically stated in the tariff and separately shown on customer bills.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following:

No holidays are observed

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

- (b) If the amount due is more than five dollars, the customer may accept an account adjustment or may request a refund.
  - If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
  - If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

**Overcharges.** Once a company becomes aware that it has overcharged a customer, it must provide a refund or an account adjustment credit to the customer. If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.

If the customer elects to receive a refund, the company must issue a check within thirty days of the request.
