Item 200 -- Containers and/or Drop Boxes -- General Rules

Availability. A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

Alternate-sized containers and/or drop boxes. If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

Disposal fees due on alternate-sized drop boxes. If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

Rates on partially-filled containers and/or drop boxes. Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

Rates for compacted materials. Rates for compacted material apply only when the material has been compacted before its pickup by the company.

Rates for loose material. Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

Permanent and temporary service. The following rules apply:

(a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.

(b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.

(c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates.
