RE: 2025 Hazardous Liquid Standard Comprehensive Inspection – BP Pipelines North America – Cherry Point Crude – (Insp. No. 8987)

Dear Mr. Vodicka:

Staff from the Washington Utilities and Transportation Commission (staff) conducted a standard comprehensive (Std) inspection of the BP Pipelines North America (BP) Cherry Point Crude pipeline system June 11, 2025, through July 1, 2025. The inspection included a process, records and field review.

There were no issues noted during this inspection, therefore this inspection will be closed as of the date of this letter.

Staff thanks BP's personnel for their cooperation during this inspection.

If you have any questions or if we may be of any assistance, please contact Anthony Dorrrough at (360) 481-4035.

Sincerely,

/for/ Scott Rukke
Director, Pipeline Safety
